Green Links

Get Walking with Green Links

Green Links is a series of safe, pedestrian-friendly pathways that 'link' parks, beaches, schools and commercial centres throughout Waverley LGA. Waverley Council has incorporated stairs, seats, artwork and plants along the routes so that residents and visitors will be encouraged to take short scenic walks to local facilities, rather than hopping in the car. Not only will you get fit using them, you'll help reduce vehicle noise and pollution too!
